American Gemological Laboratories™
America's first and most highly respected origin lab.

Founded in 1977,
AGL is an internationally recognized gemstone
testing facility, specializing in comprehensive
colored stone analyses.

AGL has the distinction of being the
first laboratory in the United States to issue
Country-of-Origin reports. Our company and its
principals have a long tradition of research into the
detection of and reporting on gem identification-
and-classification, gemstone treatments and
provenance determinations.

Our staff is composed of experts in the field
of gemstone testing and reporting. Our findings
reflect the latest knowledge and analytical
techniques to ensure the highest standards
are applied on every stone we test.

AGL's testing and reporting
methodology provide you with unsurpassed quality
and reliability. We are committed to providing
the highest level of service and reporting
that our clients and the industry have
come to expect from the AGL.
